Hi Noah,

This organization has put on many events in the City and they are fully willing to work with the community. Anika will be setting up a meeting and making sure concerns are met, we will be helping facilitate.

Hi Anika and Diana,

Please review and pass along the attached list of issues to the organizers.

Understanding the City has already approved the event, how can we be confident the organizers will actually address these issues? Have they agreed to relocate parking for the thousands of residents' vehicles that will be blocked in by the walk?

Thanks,

Noah

Hi Blair,

The AIDS walk turns out to be on the list of City approved special events which means it's out of street closures jurisdiction to deny it. I have been talking to the event organizers and intend to set up a meeting with them, our office and the BID to make sure all of the community concerns are properly addressed.

Best,
Anika

Diana,

May we get an update of the AIDS Walk? They never got back to street closure committee as was requested. We cannot have this street closure without their significant support in relocating resident vehicles, etc. Please let us know how we can stay on top of this!

Regards,

Blair Besten
